**JULIO CÉSAR YEPES RESTREPO**, mayor de edad, identificado con cedula de ciudadanía No. 71.651.989 de Medellín, abogado con T.P. No. 44.010 del Consejo Superior de la Judicatura, actuando en mi calidad de apoderado judicial de la **COMPAÑÍA MUNDIAL DE SEGUROS S.A.**, de conformidad al certificado de existencia y representación legal adjunto, me doy por **NOTIFICADO POR CONDUCTA CONCLUYENTE DEL MANDAMIENTO DE PAGO LIBRADO EL DÍA 28 DE FEBRERO DE 2.024** e interpongo **RECURSO DE REPOSICIÓN** frente al mismo, con fundamento en las siguientes razones:

1. En el auto que libra el mandamiento de pago, el Juzgado indica que la demanda cumple los requisitos del artículo 430 del Código General del Proceso, norma ésta que indica:

*"ARTÍCULO 430. MANDAMIENTO EJECUTIVO. Presentada la demanda acompañada de documento que preste mérito ejecutivo, el juez librará mandamiento ordenando al demandado que cumpla la obligación en la forma pedida, si fuere procedente, o en la que aquel considere legal."*

2. La norma citada permite librar mandamiento de pago cuando la demanda esté acompañada de documentos que presten mérito ejecutivo y según el texto del auto objeto de recurso, los documentos que prestan mérito ejecutivo son las facturas que la ejecutada acompañó con su escrito de demanda.
3. Esas facturas que según el Juzgado prestan mérito ejecutivo, la ejecutante las acompañó cuando formuló al asegurador reclamaciones para afectar el amparo de gastos médicos, quirúrgicos y hospitalarios de pólizas SOAT y conjuntamente con ellas, acompañó los otros documentos que según el artículo 26 del Decreto 056 de 2.015, debía allegar junto con la factura para acreditar siniestro y cuantía en los términos del artículo 1077 del C.Co.
4. El artículo 26 del decreto 056 de 2015 establece:

**"Artículo 26. Documentos exigidos para presentar la solicitud de pago de los servicios de salud.** Para elevar la solicitud de pago de los servicios de salud prestados a víctimas de accidentes de tránsito, de eventos catastróficos de origen natural, de eventos terroristas y demás eventos aprobados por el Ministerio de Salud y Protección Social en su calidad de Consejo de Administración del Fosyga, los

*prestadores de servicios de salud **deberán radicar ante el Ministerio de Salud y Protección Social, o la entidad que se defina para el efecto o ante la aseguradora, según corresponda, los siguientes documentos:***

**1. Formulario de reclamación que para el efecto adopte la Dirección de Administración de Fondos de la Protección Social del Ministerio de Salud y de Protección Social, debidamente diligenciado. El medio magnético deberá contar con una firma digital certificada.**

**2. Cuando se trate de una víctima de accidente de tránsito:**

**2.1. Epicrisis o resumen clínico de atención según corresponda, documento que debe contener los datos específicos señalados en los artículos 31 y 32 del presente decreto.**

**2.2. Los documentos que soportan el contenido de la historia clínica o el resumen clínico de atención señalados en la reglamentación que expida el Ministerio de Salud y Protección Social para el efecto.**

**3. Cuando se trate de víctimas de eventos catastróficos de origen natural o de eventos terroristas:**

**3.1. Epicrisis o resumen clínico de atención según corresponda, documento que debe contener los datos específicos señalados en los artículos 31 y 32 del presente decreto.**

**3.2. Los documentos que soportan el contenido de la historia clínica o el resumen clínico de atención señalados en la reglamentación que expida el Ministerio de Salud y Protección Social para el efecto.**

**3.3. Certificado emitido por el consejo municipal de gestión del riesgo, en el que conste que la persona es o fue víctima de uno de los eventos mencionados.**

**4. Original de la factura o documento equivalente de la IPS que prestó el servicio, que debe contener como mínimo la información señalada en el artículo 33 del presente decreto.**

**5. Cuando se reclame el valor del material de osteosíntesis, factura o documento equivalente del proveedor de la IPS."**

**5.** Esas facturas por sí solas no prestan mérito ejecutivo porque como lo indica el artículo citado, las facturas son uno de los documentos que debe entregarse con la reclamación y no tienen autonomía.

**6.** Las facturas que según el juzgado prestan mérito ejecutivo no son unas facturas que la demandante haya expedido por un servicio que prestó a Mundial Seguros y que ésta haya aceptado, esas facturas se expiden para cumplir el requisito señalado en el artículo citado que exige acompañar con las reclamaciones SOAT, además de la factura, todos los otros documentos, con el fin de acreditar siniestro y cuantía y lograr la afectación del amparo de gastos médicos, quirúrgicos y hospitalarios, indicado.

**7.** La única manera en que las reclamaciones SOAT podrían prestar mérito ejecutivo, es cuando la IPS que prestó el servicio a la víctima, reclama al asegurador allegando todos los documentos que el artículo 26 citado exige adjuntar y que, dentro del mes siguiente a la reclamación, el asegurador no haya realizado el pago o no haya

entregado al reclamante de manera oportuna, la correspondiente carta de objeción en la cual le indica los motivos por los cuales niega el pago.

- 8.** El mandamiento de pago incluye 8.024 facturas, de las cuales, la ejecutada validó la forma en que se atendieron las reclamaciones en que estaban incluidas esas facturas encontrando que, se presenta lo siguiente:
- a.** Que 6.332 facturas, en cuantía de \$16.913.363.035, fueron objetadas parcialmente por: sobreprecio en el valor del material de osteosíntesis (MAOS), por doble o indebida facturación, por no supeditación al tarifario SOAT, por ausencia de soportes que acrediten la prestación efectiva del servicio facturado, por ausencia de cobertura de la póliza SOAT, por impertinencia médica en el manejo de las lesiones generadas en el accidente de tránsito y por ausencia de habilitación de la IPS ante el Registro Especial de Prestadores de Servicios de Salud (REPS) para la prestación del servicio cuyo cobro factura.
  - b.** Que 1.384 facturas, en cuantía de \$2.550.473.126,00, fueron objetadas totalmente por: aclaración de hechos, dado que, existía inconsistencias en la información reportada, documentación incompleta, agotamiento del tope máximo de cobertura, concurrencia de vehículos, no cumplimiento de los requisitos de facturación electrónica, facturas múltiples, no accidente de tránsito, no prestación del servicio de salud en la IPS, póliza adulterada, póliza de otra compañía, póliza inexistente, póliza prestada, prescripción, radicación en una línea errada, reclamación prescrita, reclamación presentada ante otra aseguradora, servicio no prestado, accidente ocurrido en sitio privado, vehículo fantasma y no vigencia de la póliza, por lo que, no es Compañía Mundial de Seguros S.A., la entidad llamada a asumir el valor de dichos servicios.
  - c.** Que 38 facturas, en cuantía de \$98.524.307, no se presentaron con reclamaciones SOAT ante el asegurador, lo que impidió que este llevara a cabo la labor de auditoría y determinara al concluir ésta la procedencia del pago o la objeción, por lo tanto, no debieron incluirse en el mandamiento de pago, ya que, es necesario que la reclamación con la factura sea recepcionada por el asegurador, por tanto, se solicita al Juez que al decidir el recurso de reposición, verifique no solo que la factura existe, sino si fue entregada al asegurador y de no estar entregada, se revoque el mandamiento de pago respecto a ésta por no contener una obligación clara, expresa y exigible; frente a esta situación debe advertirse que, si en gracia de discusión se acepta la teoría de que el título ejecutivo es la factura, la ley mercantil es clara en indicar que no basta expedir la factura sino que debe ser entregada al "acreedor" y éste la debe aceptar, por lo que, en este punto, se reitera que, deberá el Despacho verificar dicha entrega al decidir el recurso de reposición formulado. Las facturas que no se presentaron con reclamaciones SOAT, ante el asegurador son:

- d. Que en 12 facturas, en cuantía de \$4.471, la IPS aceptó la objeción formulada por la aseguradora, por lo que, expresamente renunció aquella al cobro de dichos valores, no obstante, pretende ahora, a través del ejercicio de la acción ejecutiva su cobro.
- e. Que 479 facturas, en cuantía \$266.134.479,00, fueron pagadas por el asegurador, por tanto, la manifestación de la ejecutante frente a la existencia de una obligación a cargo de la ejecutada no corresponde a la realidad. Si bien la ejecutada tiene claro que vía recurso de reposición no se puede alegar el pago invita a la parte ejecutante para que, en el término de traslado del recurso de reposición, informe al Despacho sobre dicho monto que deberá ser excluido del mandamiento de pago y que deberá dar lugar a la reducción de las medidas de embargo decretadas, lo anterior, sin perjuicio de la formulación de la excepción respectiva que conducirá a la declaratoria de la extinción de la obligación en virtud del pago.
- f. El mandamiento de pago, incluye la factura No. FS51976, visible a folio 8 de dicho proveído y la factura No. FS110070, visible a folio 65 de dicho proveído, las cuales, no tienen saldo pendiente de pago, por lo que, deberán ser excluidas del mismo. Lo anterior, tal como se relaciona a continuación:

- 9. La Sala Civil de la Corte Suprema de Justicia, al decidir acciones de tutela instauradas por ejecutantes a los cuales se les revocó un mandamiento de pago librado con fundamento en las facturas acompañadas con la reclamación SOAT, ha sido muy categórica en indicar que las facturas presentadas para reclamar una atención médica brindada a una víctima de un accidente de tránsito, no tienen autonomía propia como título valor, sino que al ser parte de una reclamación de seguros, deben analizarse como un título ejecutivo complejo integrado por la póliza SOAT, todos los documentos que según el artículo 26 del Decreto 056 de 2.015, debe adjuntar la entidad hospitalaria que reclama y la ausencia de comunicación de una objeción dentro del mes siguiente a la fecha de formulación de la reclamación.
- 10.Los siguientes son los precedentes judiciales vinculantes de la Sala Civil de la Corte Suprema de Justicia que indican que en reclamaciones SOAT el título ejecutivo no es la factura, sino que, corresponde a un título ejecutivo complejo compuesto por la reclamación, toda la documentación acompañada de ésta y la ausencia de objeción oportuna de la reclamación por parte del asegurador:

**9.1. SENTENCIA STC 14-12-20 RADICADO 11001 02 03 000 2023 00502 00 CON PONENCIA DEL MAGISTRADO OCTAVIO AUGUSTO TEJEIRO, SALA CIVIL CORTE**

*"La protección implorada se desestimaré, ya que la conclusión según la cual, la satisfacción por la vía ejecutiva de las facturas pretendidas por la demandante depende de la integración de un título complejo, no es arbitraria, está soportada en las normas aplicables al caso y el precedente de esta Corporación sobre la materia. Además, fue en virtud de la jurisprudencia de la Sala que el Tribunal acusado varió su tesis al respecto de la naturaleza del título que debe aportarse en los casos donde se pretende el pago de "facturas" libradas con ocasión de la prestación de servicios de salud que afectaba la póliza de Seguro Obligatorio de Accidentes de Tránsito (SOAT)".*

*"Análisis que condujo al fallador plural a concluir que "los documentos base de recaudo ejecutivo presentados para el cobro persuasivo por parte de la E.S.E. Hospital San Vicente de Paul de Garzón no prestan mérito ejecutivo, en la medida que, para el efecto simplemente se allegaron las facturas objeto de cobro, junto con el documento que da cuenta sobre la radicación de las mismas y el comprobante o constancia de prestación de servicios de salud, por lo que se echa de menos los restantes documentos necesarios para que la obligación reclamada pueda ser considerada como clara, expresa y exigible".*

*Se requiere la constitución de un título complejo, integrado por los documentos que la ley ha señalado para su cobro. Asimismo, ha establecido que se trata de una regla jurisprudencial que, por tanto, debe ser atendida por los administradores de justicia. Así, en STC14094-2022 (21 oct.) se dijo:*

*En lo que refiere al interrogante sobre si las «facturas de servicios de salud», en particular, las emitidas con ocasión de la afectación de las «pólizas de SOAT», son o no un «título complejo», esta Sala en sede de tutela ha respondido positivamente dicha pregunta, al sostener en un caso de idénticos perfiles al que ahora se analiza, que la normatividad llamada a regular el asunto era la relativa al cobro de las indemnizaciones derivadas de pólizas de seguro obligatorio por accidente de tránsito, contenida en los Decretos 663 de 1993, 3990 de 2007 y los artículos 1053 y 1077 del Código de Comercio" y que tratándose del cobro de "facturas" atinentes a gastos médicos, la "documentación" necesaria para constituir el "título ejecutivo complejo" eran los "Formularios de reclamación, según el formato adoptado por el Ministerio de la Protección Social, certificado médico de atención, formato adoptado por el Ministerio de la Protección Social, la factura y fotocopia de la póliza (STC2064-2020, que citó la STC19525-2017).*

*Por consiguiente, es indudable que sobre esta materia existe un «precedente» vinculante, el cual no puede ser ignorado por los jueces en los «procesos» donde se ventile esta, máxime cuando, se recuerda, esta Corte tiene sentado que los «juzgadores» tienen la «obligación» de «revisar» de oficio o a instancia de la «parte ejecutada» los elementos del «título», aun*

en vigencia del Código General del Proceso (CSJ, STC14164-2017, iterada recientemente en la STC16048-2021 y STC1912-2022) (se enfatiza)."

**9.2. SENTENCIA STC 14094-2022 RADICADO

*"En lo que refiere al interrogante sobre si las «facturas de servicios de salud», en particular, las emitidas con ocasión de la afectación de las «pólizas de SOAT», son o no un «título complejo», esta Sala en sede de tutela ha respondido positivamente dicha pregunta, al sostener en un caso de idénticos perfiles al que ahora se analiza, que la normatividad llamada a regular el asunto era la relativa al cobro de las indemnizaciones derivadas de pólizas de seguro obligatorio por accidente de tránsito, contenida en los Decretos 663 de 1993, 3990 de 2007 y los artículos 1053 y 1077 del Código de Comercio y que tratándose del cobro de "facturas" atinentes a gastos médicos, la "documentación" necesaria para constituir el "título ejecutivo complejo" eran los "Formularios de reclamación, según el formato adoptado por el Ministerio de la Protección Social, certificado médico de atención, formato adoptado por el Ministerio de la Protección Social, la factura y fotocopia de la póliza (STC2064-2020, que citó la STC19525-2017).*

*(...) De este modo, a diferencia de lo considerado por la gestora del amparo, lo determinado reposa sobre el contenido de los medios de convicción, a la par de un razonable entendimiento de los mismos, y la aplicación de las normas aplicables a la materia, cuestión que impide sostener que en esa actividad se hubiera incurrido en alguna de las causales de procedencia del amparo invocadas (...), en tanto que tal y como lo dejó anotado la Corporación criticada en la sentencia de segundo grado debatida, se concluyó que i) los títulos ejecutivos complejos aportados como báculo de la acción ejecutiva, sí prestaban mérito ejecutivo, de conformidad a las normas especiales atrás referenciadas que regulan las facturas para el cobro de los servicios prestados por la E.S.E Hospital Universitario Erasmo Meoz, a las víctimas de accidentes de tránsito, más aún cuando ii) las glosas alegadas por la ejecutada, no se presentaron en debida forma; iii) que el término prescriptivo alegado, corresponde al contemplado en el canon 2536 del Código Civil, y no al que establece la norma mercantil para la acción cambiaria o, para el contrato de seguro; y, iv) que de acuerdo a las probanzas arrojadas, la excepción de pago sólo podía prosperar frente a dos de las facturas cobradas. (STC3056-2021)."*

*"Por consiguiente, es indudable que sobre esta materia existe un «precedente» vinculante, el cual no puede ser ignorado por los jueces en los «procesos» donde se ventile esta, máxime cuando, se recuerda, esta Corte tiene sentado que los «juzgadores» tienen la «obligación» de «revisar» de oficio o a instancia de la «parte ejecutada» los elementos del «título», aun en vigencia del Código General del Proceso (CSJ, STC14164-2017, iterada recientemente en la STC16048-2021 y STC1912-2022)."*

*"Al contrastar dichos razonamientos con lo revelado en el punto 1.1. de estas*

*disertaciones, de entrada se vislumbra la configuración de la infracción denunciada, toda vez que la iudex censurada se apartó del «precedente» fijado por esta Corte acerca de la constitución del «título» cuando se anhela la cancelación de «facturas relacionadas con la prestación de servicios de salud derivados de la ocurrencia de accidentes de tránsito», al asegurar que «para que las facturas se entiendan como verdaderos títulos ejecutivos y se pueda exigir a su tenor literario e independiente basta con que las mismas hubiesen sido aceptadas», cuando, según se acaba de exponer, por ostentar la condición de «complejo», aquellas deben ser radicadas junto con los soportes definidos en las normas especiales que regulan el trámite para su pago, esto es, los Decretos 663 de 1993 y 3990 de 2007, en armonía con los artículos 1053 y 1077 del Código de Comercio y demás disposiciones concordantes.”*

*2.- Como colofón, dado que la «juez accionada» no «aplicó precedente» tantas veces mencionado, puesto que le dio una mirada restringida a los «documentos objeto de cobro» al evaluarlos como simples «título valor» conforme las normas mercantiles, olvidando que los «requisitos del título» cuando se trata de «facturas relacionadas con la prestación de servicios de salud derivados de la ocurrencia de accidentes de tránsito» deben cotejarse también bajo las disposiciones especiales que las regulan, es incuestionable que el resguardo debe concederse.*

10. El artículo 7 del Código General del Proceso establece que, si el juez se aparta del precedente judicial, debe indicar de manera clara las razones que lo llevan a apartarse del mismo, esta norma indica:

**"ARTÍCULO 7o. LEGALIDAD.** Los jueces, en sus providencias, están sometidos al imperio de la ley. Deberán tener en cuenta, además, la equidad, la costumbre, la jurisprudencia y la doctrina.

*Cuando el juez se aparte de la doctrina probable, estará obligado a exponer clara y razonadamente los fundamentos jurídicos que justifican su decisión. De la misma manera procederá cuando cambie de criterio en relación con sus decisiones en casos análogos.*

*El proceso deberá adelantarse en la forma establecida en la ley”.*

11. En relación al deber de respetar el precedente jurisprudencial, La Sala Civil de la Corte en sus decisiones ha indicado que lo resuelto en torno al título ejecutivo complejo en materia SOAT, es precedente que debe ser atendido por los jueces indicando:

**"1.2. Ahora revisada la jurisprudencia de la Sala sobre el punto, ciertamente la Corte, al resolver acciones constitucionales, ha señalado que para obtener el pago de facturas por servicios de salud a personas amparadas con el SOAT, se requiere la constitución de un título complejo, integrado por los documentos que la ley ha señalado para su cobro. Así mismo, ha establecido que se trata de una regla jurisprudencial, que, por tanto, debe ser atendida por los administradores de justicia.”**

**"Por consiguiente, es indudable que sobre esta materia existe un precedente vinculante, el cual no puede ser ignorado por los Jueces en los procesos donde se ventile esta, maxime cando, se recuerda esta Corte tiene sentado que los juzgadores tienen la obligación de revisar de oficio o a**

12. Por otra parte, deberá tomar en cuenta el Despacho que en Sentencia No. STC943-2024 de 7 de febrero de 2.024, bajo la ponencia del magistrado Octavio Augusto Tejeiro Duque, la Corte Suprema de Justicia, estableció como **DEBER** de los jueces el control oficioso del título ejecutivo frente al cumplimiento de los requisitos formales, el cual, debe desplegar el juzgador tanto en el recurso de reposición formulado frente al mandamiento de pago, como en el auto que ordena seguir adelante la ejecución o la sentencia, según el caso, tal como se relaciona a continuación:

*“Memórese que, el juzgador debe revisar los requisitos formales del título base de ejecución, no solo al momento de dictar o negar el mandamiento ejecutivo y al desatar los recursos contra aquellos, sino, también, conforme los precedentes de esta Corporación, mediante el «control oficioso del título ejecutivo» al dictar sentencia que resuelva excepciones de mérito o de proferir auto que ordena seguir adelante con la ejecución:*

*«(...) Los funcionarios judiciales han de vigilar que al interior de las actuaciones procesales perennemente se denote que los diversos litigios, teleológicamente, lo que buscan es dar prevalencia al derecho sustancial que en cada caso se disputa (artículos 228 de la Constitución Política y 11 del Código General del Proceso); por supuesto, ello comporta que a los juzgadores, como directores del proceso, legalmente les asiste toda una serie de potestades, aun oficiosas, para que las actuaciones que emprendan atiendan la anotada finalidad, mismas que corresponde observarlas desde la panorámica propia de la estructura que constituye el sistema jurídico, mas no desde la óptica restricta derivada de interpretar y aplicar cada aparte del articulado de manera aislada.*

*Entre ellas, y en lo que atañe con el control que oficiosamente ha de realizarse sobre el título ejecutivo que se presenta ante la jurisdicción en pro de soportar los diferentes recaudos, ha de predicarse que si bien el precepto 430 del Código General del Proceso estipula, en uno de sus segmentos, en concreto en su inciso segundo, que «[l]os requisitos formales del título ejecutivo sólo podrán discutirse mediante recurso de reposición contra el mandamiento ejecutivo. No se admitirá ninguna controversia sobre los requisitos del título que no haya sido planteada por medio de dicho recurso. En consecuencia, los defectos formales del título ejecutivo no podrán reconocerse o declararse por el juez en la sentencia o en el auto que ordene seguir adelante la ejecución, según fuere el caso», lo cierto es que ese fragmento también debe armonizarse con otros que obran en esa misma regla, así como también con otras normas que hacen parte del entramado legal, verbigracia, con los cánones 4º, 11, 42-2 y 430 inciso 1º ejusdem, amén del mandato constitucional enantes aludido».*

*(...)*

*De ese modo las cosas, todo juzgador, no cabe duda, está habilitado para volver a estudiar, incluso ex officio y sin límite en cuanto atañe con ese preciso tópico, el título que se presenta como soporte del recaudo, pues tal proceder ha de adelantarlo tanto al analizar, por vía*

13. En relación al caso que nos ocupa, IPS FABILU S.A.S. no prestó los servicios médicos a COMPAÑÍA MUNDIAL DE SEGUROS S.A., sino a unas víctimas de accidentes de tránsito, a su vez, no presentó una factura independiente, sino que, para formular la reclamación al asegurador, además de la factura, le entregó a éste la historia clínica que da cuenta de la atención brindada al paciente, los resultados de los exámenes diagnósticos, los comprobantes de medicamentos suministrados, las facturas del material de osteosíntesis colocado al paciente, en algunos eventos, la póliza SOAT que pretendía afectar y un formulario de reclamación denominado FURIPS o FURTRAN, por lo tanto, estamos en presencia de una reclamación SOAT que busca afectar un seguro y el mérito ejecutivo de esa reclamación sólo surge en razón del artículo 1053 del Código de Comercio como lo ha indicado la Sala Civil de la Corte Suprema de Justicia.
14. La jurisprudencia de la Corte Suprema de Justicia Sala Civil, citada, ha sido clara y reiterativa en indicar que la factura generada por el prestador de salud en razón de la atención brindada a las víctimas de accidente de tránsito, no tiene la autonomía del título valor regulado en el Código de Comercio, en razón a que dicha factura es uno más de los documentos que debe acompañar el prestador del servicio al formular la reclamación al asegurador SOAT, tal y como lo indica el artículo 26 del decreto 056 de 2015.
15. Si el título ejecutivo es complejo, solo se configurará el mismo, cuando el prestador del servicio presentó toda la documentación exigida por las normas especiales que regulan el SOAT (Decreto 056 de 2015 y Decreto 780 de 2016) demostrando siniestro y cuantía, **y no existió objeción oportuna formulada por parte del asegurador, que cuestionase el siniestro o cuantía en los términos del artículo 1077 C.Co., pues, de existir la objeción formulada por el asegurador, desaparece el título ejecutivo complejo.**
16. De las reclamaciones incluidas en el mandamiento de pago, la aseguradora en algunas realizó pagos y formuló las respectivas objeciones respecto al saldo restante y, en otras, todo el valor reclamado fue objetado, tal y como puede constatarse en el propio mandamiento de pago, donde en algunas facturas el valor de ésta es igual al saldo que indica la IPS como adeudado y en otras, el valor de la factura es mayor al saldo que indica la IPS como adeudado.
17. El asegurador, entonces, entregó en forma oportuna a la ejecutante las objeciones, tal y como se acredita con la prueba documental que se acompaña junto a este recurso, la que le permitirá advertir al Despacho que de las reclamaciones formuladas a la aseguradora, no se desprende una obligación clara, expresa y exigible, sino una obligación discutida que, debe ser dirimida por un Juez Civil, mediante los trámites de un proceso verbal, a través del cual, se declare a cuál de las partes asiste el derecho.

- 18.** Al resolver el presente recurso de reposición, revisando si el título ejecutivo cumple o no los requisitos formales, el Juez debe cumplir la obligación que le impone el artículo 164 del Código General del Proceso de proferir las decisiones con base en las pruebas regular y oportunamente aportadas al proceso y haciendo una valoración de las mismas, como se lo manda el artículo 176 del mismo estatuto procesal, en dicho sentido, deberá valorar la prueba documental que se acompaña con este recurso y que da cuenta de que todas las reclamaciones incluidas en el mandamiento de pago fueron debida y oportunamente objetadas y entregadas a la ejecutante.
- 19.** Si el Juez al resolver el recurso de reposición desconoce las objeciones formuladas por el asegurador y mantiene el mandamiento de pago porque existe una factura, estará desconociendo la legislación vigente que no indica que baste presentar una factura, sino que indica que para afectar las pólizas SOAT debe formularse una reclamación acompañando unos documentos específicos, a su vez, también estaría desconociendo el precedente judicial, permitiendo que se tramite un proceso ejecutivo con práctica de medidas cautelares en un asunto en que el legislador y la máxima autoridad judicial han indicado que es necesario cumplir con un trámite de reclamación, una auditoría por parte del asegurador y una posibilidad de objeción, mantener el mandamiento de pago es desconocer la objeción, la ley y el precedente judicial.
- 20.** En el siguiente cuadro se relacionan las reclamaciones SOAT incluidas en el mandamiento de pago, y el momento en que el asegurador objetó cada reclamación y como prueba documental se acompaña con este escrito, la respectiva carta de objeción y el comprobante de entrega de dicha carta a la ejecutante.

22. De acuerdo con lo anterior, si la reclamación FS97297 se radicó el 01/07/2021 y la carta de objeción fue entregada el 13/07/2021 puede concluirse que la objeción fue oportuna, ya que como se evidencia únicamente transcurrieron doce (12) días entre la presentación de la reclamación y la formulación de la objeción, no obstante, el asegurador, tiene el término de un (1) mes para atender el pago o formular la respectiva objeción, tal y como lo establece el artículo 38 del Decreto 056 de 2015 y el artículo 1080 del Código de Comercio.
23. Lo ocurrido en la reclamación ejemplificada en los numerales anteriores, acontece en las demás reclamaciones incluidas en el mandamiento de pago, en ellas **el asegurador**

**formuló la respectiva objeción y se la entregó a la ejecutante en forma oportuna, por lo tanto, no se configura el título ejecutivo complejo.**

24. Es claro, entonces que, en las reclamaciones SOAT, solo existe título ejecutivo complejo, tal y como lo dispone el numeral 3° del artículo 1053 del C.Co. que le otorga mérito ejecutivo a la póliza, cuando transcurrido un mes, a partir del día en que se reclama al asegurador demostrando los requisitos del artículo 1077 C.Co. (siniestro y cuantía), dicha reclamación no se objeta.
25. Si como lo han señalado los precedentes judiciales citados, el título ejecutivo es complejo, y si existe objeción oportuna del asegurador, no se configura el mismo, deberá al resolverse el recurso de reposición, revocarse el mandamiento de pago y darse aplicación al inciso tercero del artículo 430 del Código General del Proceso que establece:

***"Cuando como consecuencia del recurso de reposición el juez revoque el mandamiento de pago por ausencia de los requisitos del título ejecutivo, el demandante, dentro de los cinco (5) días siguientes a la ejecutoria del auto, podrá presentar demanda ante el juez para que se adelante proceso declarativo dentro del mismo expediente, sin que haya lugar a nuevo reparto. El juez se pronunciará sobre la demanda declarativa y, si la admite, ordenará notificar por estado a quien ya estuviese vinculado en el proceso ejecutivo."***

26. Es tan claro que la factura generada por el prestador de salud no es título ejecutivo, porque tiene una regulación especial, que el Ministerio de Salud y Protección social expidió la Resolución 510 de 2022, que indica:

***"Artículo 4. Fuente de información para el diligenciamiento de los datos del sector salud y el trámite de la factura electrónica de venta en salud. La fuente de información para el diligenciamiento de los campos de datos adicionales del sector salud en el formato XML, será el Registro Individual de Prestación de Servicios de Salud y los acuerdos de voluntades suscritos entre los facturadores electrónicos y las EPS, entidades adaptadas, ARL en el componente salud, secretarías de salud del orden departamental, distrital o municipal, compañías de seguros autorizadas para ofrecer el SOAT, entidades que ofrecen planes voluntarios de salud y demás pagadores. Una vez validada la factura electrónica de venta, en lo que corresponde a la Unidad Administrativa Especial Dirección de Impuestos y Aduanas Nacionales—DIAN, esta deberá ser presentada por los facturadores electrónicos junto con el Registro Individual de Prestación de Servicios de Salud, anexando los soportes establecidos en la normativa vigente, en una sola entrega, a las entidades responsables de pago o a los demás pagadores. En el mismo momento, los facturadores electrónicos remitirán al Ministerio de Salud y Protección Social la factura electrónica de venta junto con los Registros Individuales de Prestación de Servicios de Salud, en los términos y condiciones que este defina. La información de que trata el anexo técnico adoptado mediante la presente resolución deberá ser consistente con la representación gráfica de la factura de venta y con la información reportada en el mencionado registro como soporte de esta, en lo que aplique."***

***Parágrafo 1. En caso de no existir acuerdo de voluntades, las entidades responsables***

*de pago y demás pagadores deberán suministrar la información que les sea requerida por los facturadores electrónicos del sector salud, para el diligenciamiento de los campos de datos adicionales.*

*Parágrafo 2. Los campos de datos relacionados con la identificación de los usuarios y el detalle administrativo y asistencial de los servicios y tecnologías de salud, estarán contenidos en el Registro Individual de Prestación de Servicios de Salud — RIPS, y deberán guardar correspondencia con la factura.*

*Parágrafo 3. Las entidades responsables de pago y demás pagadores no podrán modificar los campos de datos adicionales definidos en la presente resolución ni exigir la inclusión de nuevos, so pena de las investigaciones y medidas que determinen las entidades de inspección, vigilancia y control, si a ello hubiere lugar.*

**Artículo 5.** *Proceso de radicación de la factura electrónica de venta en salud ante la entidad responsable de pago o demás pagadores. Los facturadores electrónicos del sector salud disponen de veintidós (22) días hábiles, contados a partir de la fecha de expedición de la factura electrónica de venta con validación previa de la DIAN, para la radicación ante las entidades responsables de pago o demás pagadores, de la factura, el Registro Individual de Prestación de Servicios de Salud y los demás soportes determinados en la normatividad vigente. Una vez entregados dichos documentos, la entidad responsable de pago o demás pagadores generará el número único de radicación con fecha y hora, momento a partir del cual se entenderá radicada, procediendo el 8 trámite de la misma en el plazo establecido en la Ley. Dichos datos serán informados al facturador electrónico del sector salud conforme con el mecanismo establecido por las partes y al Ministerio de Salud y Protección Social a través del mecanismo que este determine.*

*Parágrafo 1. El facturador electrónico del sector salud anulará la factura cuando no se haya realizado la radicación dentro del plazo previsto en este artículo, procediendo la expedición de una nueva factura para el cobro de los servicios y tecnologías prestados.*

*Parágrafo 2. En los acuerdos de voluntades en los que se haya pactado la modalidad de pago por capitación, la expedición y entrega de la primera factura electrónica de venta se hará sin el Registro Individual de Prestación de Servicios de Salud. Para la expedición de la segunda factura será requisito haber entregado a la entidad responsable de pago o demás pagadores, los Registros Individuales de Prestación de Servicios de Salud y demás soportes de la primera factura procediendo su radicación, y para la expedición de las siguientes, dichos registros y demás soportes de la factura anterior.*

*Parágrafo 3. Las entidades responsables de pago y los facturadores electrónicos deberán contar con procesos automatizados y en línea, que contengan la trazabilidad cronológica de la transferencia de información y el acuse de recibido de esta, en los términos de la Ley 527 de 1999 o la que norma la modifique o sustituya.*

- 27.** En torno a esa Resolución, el Ministerio de Salud expidió, el comunicado No.202210901009031 de 24 de mayo de 2022, en respuesta a un derecho de petición, en el cual, señaló:

**"2. ¿Si además de la factura electrónica, el prestador de servicios de salud a víctimas de accidentes de tránsito, debe acompañar documentación soporte de la reclamación como formulario FURIPS, historia clínica, y demás documentos señalados en el Artículo 26 del Decreto 56 de 2015, indicar si dichos documentos deben radicarse de manera simultánea con la factura electrónica?"**

**Respuesta.** La reglamentación vigente sobre la factura electrónica en salud, no ha modificado los soportes que deben acompañar el proceso de reclamación de la atención en salud brindada a las víctimas de accidentes de tránsito, que deben adelantar los Prestadores de Servicios de Salud ante las aseguradoras del ramo SOAT, debiendo acogerse lo dispuesto en el Decreto 780 de 2016, Artículo 2.6.1.4.2.20, sobre "Documentos exigidos para presentar la solicitud de pago de los servicios de salud." 1 . En el artículo 5 de la Resolución 510 de 20222 , sobre el proceso de radicación de la factura electrónica de venta en salud ante la entidad responsable de pago o demás pagadores, se establece que dicho proceso comporta la entrega simultánea de la factura electrónica de venta con validación previa de la DIAN, el Registro Individual de Prestación de Servicios de Salud y los demás soportes determinados en la normatividad vigente, que para las reclamaciones relacionadas con eventos amparados por el SOAT corresponde a los definidos en el citado Decreto 780 de 2016, Artículo 2.6.1.4.2.20

**3. Como la aseguradora SOAT, de conformidad con el Artículo 38 del Decreto 056 de 2015 cuenta con un plazo de un mes para realizar la labor de auditoría, revisión de la reclamación SOAT y las normas que regulan la factura electrónica establecen que si en el término de tres días de recibo del servicio o bien no se reclama al generador de la factura se produce aceptación tácita de la factura, ¿debe entonces el pagador de la factura rechazar la factura para que no se presente la aceptación tácita?, en atención a que en tres días desde la recepción, es imposible realizar la revisión de toda la documentación soporte.**

**Respuesta.** Una vez surtido por parte del Prestador de Servicios de Salud el proceso de radicación de la factura electrónica de venta en salud de que trata el artículo 5 de la Resolución 510 de 20213 , procede el trámite de la misma en los términos definidos en la ley. Para el caso de las reclamaciones del ámbito SOAT, con la radicación de la factura electrónica de venta en salud por parte de la aseguradora, se inicia el proceso de auditoría establecido en la Resolución 3823 de 2016, Artículo 8. Auditoría a las atenciones en salud a víctimas de accidentes de tránsito, debiendo surtirse este proceso ante el Prestador de Servicios de Salud dentro del término dispuesto en el Decreto 780 de 2016, Artículo 2.6.1.4.3.12 Término para resolver y pagar las reclamaciones. Durante este periodo no es dable para el Prestador de Servicios de Salud acogerse a la aceptación tácita de la factura.

**4. El artículo 2.2.2.53.4 inciso segundo del Decreto 1074 de 2015 establece: "Aceptación tácita: cuando no reclamare al emisor en contra de su contenido, dentro de los tres días hábiles siguientes a la fecha de recepción de la mercancía o el servicio. El reclamo se hará por escrito en documento electrónico". Teniendo en cuenta que por la naturaleza del SOAT y de la**

***regulación legal que lo rige, el servicio o el bien se le suministra a la víctima en cada momento en que se le brinda la atención médica y que el asegurador no es quien recibe esos bienes y servicios, requerimos nos indique, ¿si el término de 3 días para reclamar al emisor, se contabiliza desde el momento en el cual la aseguradora recibe la reclamación acompañada de todos los documentos que le permitan definir la cobertura del bien o servicio suministrado a la víctima o desde el momento en que vence el término de un mes para que la aseguradora atienda la reclamación?***

***Respuesta. La aceptación tácita de la factura procede una vez ha vencido el término para resolver y pagar las reclamaciones, definido en el citado Artículo 2.6.1.4.3.12 del Decreto 780 de 2016, siempre y cuando no existan objeciones a la factura por parte de la aseguradora SOAT.***

***7. Si luego de concluido el trámite de revisión y auditoría de la reclamación SOAT, el asegurador define que debe objetar totalmente la reclamación por alguna de las razones que permiten objetarla, por ejemplo, porque las lesiones sufridas por la víctima no se ocasionaron en accidente de tránsito o el vehículo asegurado no estuvo involucrado en el mismo, ¿puede el asegurador solicitar al facturador la expedición de la correspondiente nota crédito? 8. Si luego de concluido el trámite de revisión y auditoría de la reclamación SOAT, el asegurador define que algunos de los bienes y servicios facturados no pueden ser objeto de pago porque, por ejemplo, en la historia clínica no existe evidencia del suministro de ese bien o de la prestación del servicio a la víctima, ¿puede solicitarle al facturador que expida nota crédito de esos bienes o servicios que no es posible pagar?***

***Respuesta.* Sobre la normativa del ámbito SOAT que resulta aplicable a las objeciones que pueden efectuar las aseguradoras a las reclamaciones que realizan los Prestadores de Servicios de Salud, el artículo 195 del Estatuto Orgánico del Sistema Financiero modificado por el artículo 244 de la Ley 100 de 1993, señala que, de existir serios motivos de objeción a la reclamación, la aseguradora deberá poner en conocimiento del reclamante tales objeciones, dentro del término previsto para el pago de la indemnización, a saber: "6. Cuando las compañías aseguradoras encuentren que existen serios motivos de objeción a la reclamación que presenten las entidades clínicas hospitalarias, deberán poner en conocimiento del reclamante tales objeciones, dentro del término previsto para el pago de la indemnización. No obstante, deberá en todo caso la aseguradora pagar como anticipo imputable a la indemnización, una suma equivalente al porcentaje que reglamente el Gobierno Nacional, siempre que la reclamación se haya presentado de conformidad con lo dispuesto en las normas que la regulan.". Lo anterior, se da con ocasión al debido proceso, en aras que los Prestadores de Servicios de Salud tengan la oportunidad de controvertir la objeción a la reclamación. Así mismo, debe considerarse lo establecido en el numeral 4 del artículo 192 del Estatuto Orgánico del Sistema Financiero en el aparte donde se refiere a que el seguro obligatorio de accidentes de tránsito –SOAT– se regirá por las normas que regulan el contrato de seguro terrestre en el Código de Comercio y por ese Estatuto. Igualmente, según el numeral 8 del artículo 2.6.1.4.4.1 del Decreto 780 de 2016, en lo no regulado en ese decreto respecto al SOAT, debe aplicarse las disposiciones previstas para las aseguradoras y el contrato de seguro,**

*establecidas en el Estatuto Orgánico del Sistema Financiero, en el Código de Comercio y demás disposiciones concordantes, que a su tenor señala: "Artículo 2.6.1.4.4.1 Condiciones del SOAT (...) 8. Régimen legal. En lo no regulado en el presente Capítulo para el SOAT, se aplicarán las disposiciones previstas para las aseguradoras y el contrato de seguro, establecidas en el Estatuto Orgánico del Sistema Financiero, en el Código de Comercio y demás disposiciones concordantes. (...)"*

*De otra parte, al consultar las disposiciones previstas para las aseguradoras y el contrato de seguro, establecidas en el Código de Comercio, se encuentran los artículos 1074, 1077 y 1078, los cuales han sido utilizados por algunas aseguradoras del ramo SOAT para objetar las reclamaciones presentadas por las ESE (...)*

***P15. ¿Podría un asegurador SOAT pedirle al reclamante de servicios de salud brindados a víctimas de accidentes de tránsito, que con la reclamación solo le acompañe el FURIPS y toda la documentación establecida en el artículo 26 del Decreto 056 del 2015, y que la factura correspondiente solo sea expedida cuando concluya la labor de auditoría y revisión de la reclamación y se haya definido si procede el pago total, el pago parcial ante la objeción parcial de algunos bienes y servicios o el no pago por estar configurada una objeción total? 16. En las reclamaciones frente a las cuales se formula objeción parcial y se generan unos pagos parciales, ¿la factura electrónica que compone esta reclamación debe ser rechazada o aceptada?***

***Respuesta.*** No es posible realizar lo planteado en la pregunta 15. El proceso de facturación electrónica en salud fue reglamentado por este Ministerio mediante la Resolución 510 de 2022, debiendo acogerse lo dispuesto en la normatividad vigente a partir del 1 de enero de 2023. Esto por cuanto, como se ha mencionado en respuestas anteriores, con la radicación de la factura y sus soportes ante la aseguradora SOAT, se da inicio al plazo de un mes definido en el artículo 2.6.1.4.3.12 del Decreto 780 de 2016, como término para resolver y pagar las reclamaciones. Dentro de este plazo y una vez se adelante el proceso de auditoría a las atenciones en salud a víctimas de accidentes de tránsito (artículo 8 de la Resolución 3823 de 2016), se debe surtir el trámite de aclaración de glosas entre el Prestador de Servicios de Salud y las aseguradoras SOAT, posterior a lo cual las partes definen los servicios y tecnologías que serán objeto de cobro, y de requerirse, procederá la generación de las notas contables que apliquen (crédito o débito) para finalmente dar aceptación y pago de la factura (total o parcial según corresponda)"

28. El artículo 42 del Código General del Proceso establece los deberes del Juez y en el numeral 12 indica:

***"Realizar el control de legalidad de la actuación procesal una vez agotada cada etapa del proceso."***

29. Al decidir el presente recurso, el juez debe cumplir ese deber de realizar el control de legalidad y como se le están aportando pruebas con las cuales no contaba al momento de librar el mandamiento de pago, como son las cartas de objeción oportunamente formuladas por el asegurador y el comprobante de entrega de las mismas a la ejecutante, deberá realizar dicho control de legalidad, para concluir que la factura no

es el título ejecutivo, sino que estamos en presencia de un título ejecutivo complejo como lo han señalado sus superiores en precedentes judiciales que son de obligatorio cumplimiento y que para que el mismo se configure, es necesario que no exista objeción oportuna, lo que no ocurre en el presente caso, porque en las reclamaciones incluidas en el mandamiento de pago si se presentó la objeción oportuna.

- 30.** Mantener el mandamiento de pago significa ir en contra del precedente judicial, de las regulaciones específicas del SOAT, como el Decreto 056 de 2015 y el Decreto 780 de 2016 y de las resoluciones expedidas por el Ministerio de Salud y Protección Social que reglamenta la factura expedida por los Prestadores de Servicios de Salud, sin que en las mismas se les dé el carácter de título valor, sino uno de los documentos que se acompañan a la reclamación y que puede el asegurador dentro del mes objetar la misma.
- 31.** Es tan claro que, las facturas SOAT no prestan por sí solas mérito ejecutivo y que cuando el asegurador objeta las reclamaciones oportunamente, debe tramitarse un proceso verbal en el que se discuta la procedencia de la objeción formulada por el asegurador que, la hoy demandante IPS FABILU S.A.S., en otras reclamaciones de los años 2.018, 2.019 y 2.020, presentó una demanda que correspondió al Juzgado 5° Civil del Circuito de Bogotá, bajo el radicado No. 11001310300520220033900, en la que pretende que se declare que Compañía Mundial de Seguros S.A. objetó sin justa causa y que, en consecuencia, se levanten las objeciones obligando a la asegurada a pagar los valores reclamados, proceso éste que mediante auto del 26 de septiembre de 2.022 que se acompaña como prueba documental a este recurso, fue admitido, notificado a la aseguradora y la misma contestó la demanda, estando pendiente de que se fije fecha de audiencia inicial; no existe ninguna explicación para que la hoy ejecutante en el presente proceso ejecutivo considere que las facturas presentadas con reclamaciones SOAT a la aseguradora, prestan mérito ejecutivo y que en ese proceso verbal, no alegue un mérito ejecutivo de estas facturas sino que tenga pretensiones declarativas, las facturas incluidas en unas reclamaciones SOAT, como se ha explicado, no prestan mérito ejecutivo y eso lo tiene claro la parte ejecutante que acudió a la jurisdicción para que en un proceso de conocimiento se declaren sin justa causa las objeciones formuladas por la aseguradora, se levanten las mismas y se condene al asegurador a pagar los valores reclamados.
- 32.** Si el Despacho mantiene el mandamiento de pago y las medidas cautelares decretadas a la espera que luego de formuladas las excepciones y practicadas las pruebas se defina la procedencia de las objeciones formuladas por el asegurador, estará actuando en contra de la ley y de los precedentes judiciales y durante toda la duración del proceso estará causando a la ejecutada un grave perjuicio consistente en los rendimientos financieros que los dineros embargados a la ejecutada dejarán de producir durante el tiempo en que se ordene el desembargo una vez se otorgue la caución que se solicitó desde el Pasado 22 de marzo de 2.024 y el costo que dicha caución judicial tendrá para la ejecutada, es por esta razón que, se solicita al Despacho realizar un juicioso análisis de la legislación SOAT para que se verifique que dicha legislación especial no le asigna mérito ejecutivo a las facturas que se acompañan con cada reclamación. Es deber del juez realizar en forma permanente controles de legalidad de sus actos y al decidir el recurso de reposición debe atender ese deber, revisando cada una de las 8.024 reclamaciones incluidas en el mandamiento de pago.

Por lo expuesto formuló las siguientes:

#### SOLICITUDES

1. Que se revoque el mandamiento de pago porque las facturas no constituyen un título ejecutivo, toda vez que, no son títulos valores, sino uno más de los documentos que se acompañan con la reclamación SOAT y porque no se cumplen los requisitos formales de un título ejecutivo complejo compuesto por toda la documentación entregada con la reclamación, el seguro SOAT y la ausencia de una objeción oportuna del asegurador debidamente entregada a la ejecutante, en el caso que nos ocupa, el asegurador objetó en tiempo oportuno las reclamaciones que se incluyen en el mandamiento de pago, por lo tanto, no se cumple el requisito de ausencia de objeción oportuna, señalado en el artículo 1053 del Código de Comercio para que la póliza preste mérito ejecutivo.
2. Si el Juzgado se va a apartar del precedente judicial sentado por la Sala Civil de la Corte Suprema de Justicia, relativo a que la factura por sí sola no presta mérito ejecutivo y que las reclamaciones SOAT solo pueden tomarse como un título ejecutivo complejo, para en su lugar estimar que, las facturas por sí solas, son autónomas y constituyen el título ejecutivo, deberá dar cumplimiento a lo dispuesto por el artículo 7 del Código General del Proceso y lo ordenado por dicho cuerpo colegiado, exponiendo clara y razonadamente los fundamentos jurídicos que justifiquen su decisión y lo lleven a apartarse de dicho precedente vinculante.
3. Que se levanten las medidas cautelares decretadas.
4. Al revocar el mandamiento de pago se cumpla con el inciso tercero del artículo 430 del Código General del Proceso otorgándole a la ejecutante el plazo de cinco (5) días siguientes a la ejecutoria del auto para que presente la demanda declarativa que debe tramitarse.
